4G Lite + Samsung Galaxy S7 Edge

More information about the service;

This offer is unbundled.

Hardware & Equipment;

Customers who sign up to the plan will receive a SIM card and a mobile handset.

The mobile handset included with your plan is the Samsung Galaxy S7 Edge and must be obtained at the time of sign-up or it is forfeited.

Minimum Term;

This plan is only available on a 24 month contract. The minimum total cost is \$1920 over 24 months.

What's Included;

All allowances are for usage within Australia.

Your included minutes can be used to make calls to mobiles and fixed line numbers, call 13/1300 numbers, call diversions and to check your voicemail. Calls to 1800 numbers are not charged.

Your included SMS/MMS allowance can be used to send SMS and MMS messages.

Your included data allowance can be used to access the internet and to send and receive emails from your mobile handset.

Data usage will be counted in kilobytes, where 1,000,000kB=1GB and will include uploads and downloads.

Unused allowances do not carry over to the following month.

What's Excluded;

All monthly allowances exclude usage charges while you are overseas.

If you use any of the following services additional charges will apply: Calls to satellite services, value added services, operator assisted/ directory assistance or Sensis® calls, Video calling, premium content calls (e.g. to 19 numbers) premium SMS/MMS, international or international roaming calls and paging services.

INFORMATION ABOUT PRICING

Monthly Access Fee;

Your monthly access fee is \$80 – if you use your mobile to make calls or access services that do not form part of your included value, make more calls or you use more data than your monthly allowance provides, you will have to pay more than \$80 a month.

Please refer to pro-rata billing section for more information on your first invoice.

Early Termination;

The maximum early termination charge for this plan is \$1320. This is calculated by multiplying the plans ETC base rate by 24 (the number of months in the contract). The ETC base rate that applies to this plan is \$55.

Example: If you cancel your plan 14 months into your 24 month contract, your early termination fee would be \$55 (ETC base rate) x 10 (months remaining) = \$550.

If you cancel your plan, move to another contracted plan with a lower monthly access fee or move to a month to month plan before your contract term has ended, you will have to pay an early termination charge.

Fees & Charges;

Excess rates apply if you exceed your included allowance. All timed calls are charged in 60 second blocks.

-Calls to mobiles (within Australia), national calls, call diversion and calls to 13/1300 numbers will be charged at \$1.10 per 60 seconds. Calls to 1800 numbers are not charged.

-Retrieval of voicemail will be charged at \$1.10 per 60 sec.

-If you exceed your monthly data allowance, a 1GB block of extra data will be automatically applied to your plan, and you will be charged \$15. After that, each time you exceed the 1GB block of extra data within the current billing period, an additional 1GB block of extra data will be added at a charge of \$15.

On this plan;

-Excess usage charges will apply once you use your included minutes. Once you have used your included minutes a 2 min standard national mobile call will cost \$2.20.

-A standard national mobile SMS has no charge.

-Excess usage charges will apply once you use your included

data allowance. Excess usage will be charged at \$15 per GB or part thereof.

-An example of how your included value works:
On this plan, if you restricted your use solely to standard national mobile calls, each 2 minutes in duration, you could make 150 calls per month as part of your included value.

-For details of international call rates or the charges that apply for using value added services please contact our customer.

OTHER INFORMATION

Coverage;

This plan enables you to access 4G (when using a 4G compatible handset). The Optus 4G Network is available in selected areas. To check coverage go to www.bendigobanktelco.com.au/coverage-map. Outside 4G coverage areas compatible handsets will switch to the Optus 3G network.

Importantly if you have a compatible handset and you are in a 4G coverage area you will download data at significantly faster rates.

This could see you using more data than you realised. Take advantage of MyServiceCentre to help you monitor your data usage and limit over expenditure. Please refer to usage information below for more information on MyServiceCentre.

Usage Information;

We recommend that you use MyServiceCentre to track your usage. It is available on our website: www.bendigobanktelco.com.au.

You will automatically receive alerts when you reach 50%, 85% and 100% of your included monthly allowance.

You will receive an alert each time you have a 1GB block of extra data added to your plan and further alerts when you have used 85% and 100% of each 1GB block of extra data.

International Roaming;

You will need to have international roaming activated on your service prior to leaving Australia to be able to access this capability. Once you have access to international roaming it is easy to run up a large charge very quickly.

IMPORTANT INFORMATION REGARDING YOUR FIRST INVOICE

Pro Rata Billing;

Monthly access fees are invoiced in advance. When you first start a plan or transfer services to us, your monthly invoice will generally be higher than normal. This is because it includes a portion of your monthly access fee for the current month as well as the subsequent month in advance. This is called Pro-rata billing.

The total cost of your plan is made up of a service component and a hardware component.

Pro-rata billing does not apply to the hardware component. You will be charged the full amount of the hardware component for your first month.
