NBN BUSINESS PHONE PLANS – THINGS TO KNOW

Credit Assessment	All customers must pass our credit assessment to be eligible for these offers.
Availability	The NBN Phone Service is only available with Bendigo Telco's NBN Broadband service. NBN Phone Plans are not available as a standalone service. A maximum of 2 lines are available on an NBN Fibre connection and a maximum of 1 line per NBN Fixed Wireless connection.
International Calls	A list of call rates for international destinations is available at www.bendigotelco.com.au
Hardware	The NBN Phone service is delivered over your NBN connection to your NBN router supplied by Bendigo Telco. In order to receive the NBN Phone service, you must use the hardware provided by Bendigo Telco.
Number Porting	You may port your fixed line phone number onto your NBN Phone service. Phone number ports can take up to 10 weeks to complete. A porting charge may be incurred. Please check with your existing Fixed Line service provider for further information.
Battery Backup	NBN fibre services can be provided with an optional battery backup service. Please note that while the NBN Battery Backup Service will power the NBN NTD, it will not power the router required to connect you to the Bendigo Telco Network. As such, if you select to have the NBN Battery Backup installed, services such as NBN Broadband, voice services, medical and security alarms will still not work in the event of a power failure unless your router is backed up by a separate power supply.

This price list is effective 01 December 2014. All prices include GST.

For full terms and conditions please refer to our Standard Form of Agreement and Acceptable Use Policy, copies of which are available at our website: bendigotelco.com.au. You must adhere to these terms when using this service.
